

2017 AUTUMN CATALOG SUPPLEMENT

44TOOLS™

Paint Protection • Vinyl • Application Tools
for the Professional Film Installer

NEW FROM APLUSONE!

FUSION HAND JOB

A1400FH

\$15.00

The newest squeegee handle in the Fusion family. Made with injection molded glass filled nylon and featuring a removable jaw. The unique rounded palm grip is designed to fit perfectly in any hand. Blade sold separately.

FUSION STRETCH HANDLES

A1400FS5

5 inch

\$49.95

A1400FS8

8 inch

\$59.95

These are some of our longest handles yet featuring a 14.5" metal extension handle with two comfortable textured rubber grip sections. These handles are ideal for installing films on flat glass and security film. Blade sold separately.

5" PINK CLEAN BLADE CROPPED

B3705PC

\$8.00

The softest of the Clear Crush Squeegee Blade group, including the beveled edge. The cropped version is slightly different in shape than the regular 5" Clear Crush Squeegee.

5" CLEAR CRUSH CROPPED

B3706C

\$8.20

Mildly softer than our Orange Crush Blades. Including the beveled edge. The cropped version is slightly different in shape than the regular 5" Clear Crush Squeegee.

YELLOW FLAT OUT BLADES

B3705Y

5 inch

\$7.50

B3708Y

8 inch

\$12.30

Cross-linked, thermoplastic polyurethane infused with silicon slip additives. These yellow 96 durometer blades are ideal for installing films on flat glass and safety or security films.

HYBRID SQUEEGEE BLADES

B3710-5

5 inch

\$11.65

B3710-8

8 inch

\$18.35

Two popular blades in one! The orange side mimics the 85 durometer Orange Crush Squeegee Blade. The blue side mimics other blue colored industry blades, measuring in at a harder 95 durometer. The Hybrid Squeegee blades are designed to fit perfectly in a Fusion Handle, but will also fit in other industry handles.

B3710-8
(FRONT & BACK)

FUSION TURBO PRO LINE

Available in 3", 5" and 8" versions that are pre-molded to size with optional .75" (white) or 1.5" (gray) diameter handles. The Turbo Pro is an injected molded tool infused with three slip agents that help the tool slide across surfaces easier. The main slip agent is the migratory agent that positions itself at the surface of the tool to lubricate the working part. The handles are unique to the industry, specifically engineered with tighter tolerances and wider prongs that create a tighter fit on the Pro Turbo body to ensure that the handle doesn't slip off during use.

MADE IN THE USA.

YELLOW TURBO

85 durometer. For installing vinyl applications and areas that require more pressure.

A2100-3	3.5" Blade	\$5.00
A2100-3SH	3.5" Blade w Small White Handle	\$5.50
A2100-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2100-5	5.5" Blade	\$6.55
A2100-5SH	5.5" Blade w Small White Handle	\$7.50
A2100-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2100-8	8" Blade	\$10.50
A2100-8SH	8" Blade w Small White Handle	\$11.10
A2100-8LH	8" Blade w Large Gray Handle	\$12.50

GREEN TURBO

A relatively soft durometer turbo. Great for installing paint protection films and vinyl applications.

A2101-3	3.5" Blade	\$5.00
A2101-3SH	3.5" Blade w Small White Handle	\$5.50
A2101-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2101-5	5.5" Blade	\$6.55
A2101-5SH	5.5" Blade w Small White Handle	\$7.50
A2101-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2101-8	8" Blade	\$10.50
A2101-8SH	8" Blade w Small White Handle	\$11.10
A2101-8LH	8" Blade w Large Gray Handle	\$12.50

ORANGE TURBO

For installing automotive window tint, paint protection films, and vinyl applications.

A2102-3	3.5" Blade	\$5.00
A2102-3SH	3.5" Blade w Small White Handle	\$5.50
A2102-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2102-5	5.5" Blade	\$6.55
A2102-5SH	5.5" Blade w Small White Handle	\$7.50
A2102-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2102-8	8" Blade	\$10.50
A2102-8SH	8" Blade w Small White Handle	\$11.10
A2102-8LH	8" Blade w Large Gray Handle	\$12.50

RED TURBO

95 durometer. Super hard. Commonly used on thick vinyl applications and window films.

A2103-3	3.5" Blade	\$5.00
A2103-3SH	3.5" Blade w Small White Handle	\$5.50
A2103-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2103-5	5.5" Blade	\$6.55
A2103-5SH	5.5" Blade w Small White Handle	\$7.50
A2103-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2103-8	8" Blade	\$10.50
A2103-8SH	8" Blade w Small White Handle	\$11.10
A2103-8LH	8" Blade w Large Gray Handle	\$12.50

BLACK TURBO

82 durometer. Comparable to the current industry black turbo, but will not leave marks. Recommended for paint protection films and window films with soft hard coatings.

A2104-3	3.5" Blade	\$5.00
A2104-3SH	3.5" Blade w Small White Handle	\$5.50
A2104-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2104-5	5.5" Blade	\$6.55
A2104-5SH	5.5" Blade w Small White Handle	\$7.50
A2104-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2104-8	8" Blade	\$10.50
A2104-8SH	8" Blade w Small White Handle	\$11.10
A2104-8LH	8" Blade w Large Gray Handle	\$12.50

PINK TURBO

80 durometer. Super soft, recommended for paint protection films and cleaning.

A2105-3	3.5" Blade	\$5.00
A2105-3SH	3.5" Blade w Small White Handle	\$5.50
A2105-3LH	5.5" Blade w Large Gray Handle	\$6.25
A2105-5	5.5" Blade	\$6.55
A2105-5SH	5.5" Blade w Small White Handle	\$7.50
A2105-5LH	5.5" Blade w Large Gray Handle	\$8.55
A2105-8	8" Blade	\$10.50
A2105-8SH	8" Blade w Small White Handle	\$11.10
A2105-8LH	8" Blade w Large Gray Handle	\$12.50

NEW OLFA ITEMS!

MULTI-GRIP 4.75" SCRAPER WITH 4 BLADES

A1914
\$13.78

Complete with a lightweight durable handle, safety blade cover and high quality stainless steel blade. The thin handle is designed to make it possible to go in low. For scraping dirt, tape, paint, adhesives, films, perforated vehicle wraps, and more. Uses B101S blades.

2.33" MULTI-PURPOSE SCRAPER

A1929
\$6.98

This easy-to-use OLFA scraper is good for windows and floors. The stainless steel blade offers better protection against rusting for longer use. The disposable scraper also has an acetone-resistant handle that makes cleanup easy.

1" MULTI-PURPOSE SCRAPER

A1930
\$5.98

Width perfect for tight spaces. These handy scrapers feature high-quality, stainless steel blades, and strong, durable handles to efficiently tackle most conventional jobs. Stainless steel blades offer better protection against rusting or longer use. Left and right handed use. Acetone resistant for easy cleaning. Disposal scrapers.

X SERIES EXTRA HEAVY DUTY SCRAPER

A1932
12"
\$37.48
A1933
24"
\$48.22

This is an industrial strength scraper for the toughest jobs. All jobs call for a durable blade, and that's what you get with the carbon tool steel blade designed with both a sharp and rough edged side. Good for removal and prep work activities for floor, wall, roofing and ceiling applications.

2-SIDED S/S BLADES FOR MULTI-GRIP SCRAPER

B101S
(30 PACK)
\$18.00

Stainless steel scraper blades for Multi-Grip 4.75" scraper.

4" X .5 MM DUAL EDGE BLADE FOR XSR

B105S
(10 PACK)
\$7.62

4" Dual Edge Scraper blade is designed with both a sharp and a rough edged side. The blade is made from carbon fiber and fits the XSR Scraper.

4" X .8 MM DUAL EDGE BLADE FOR XSR

B108S
(6 PACK)
\$7.68

This durable carbon tool steel scraper blade fits all the extra-heavy-duty XRS scrapers to provide either a sharp-edged scraper or rough-edged scraper as needed for the job at hand.

4" FLEXIBLE DUAL EDGE BLADE FOR THE XSR

B110S
(10 PACK)
\$7.68

This durable carbon tool steel scraper blade fits all the extra-heavy-duty XRS scrapers to provide either a sharp-edged scraper or rough-edged scraper as needed for the job at hand.

HEAVY DUTY ROLLED MATERIALS CUTTER

A1945C
\$34.99

For cutting vinyl and other rolled materials. Designed to allow users to cut away from themselves without damages to the cutting surface. Uses a 45mm rotary blade that does not rotate when cutting. 12 blade positions.

AIRFORCE

BLASTER SIDE KICK

A1201 \$96.50

A1201F FILTERS (PACK OF 3) \$4.50

A high performance portable car detailing and tinting dryer. 1.3 HP motor and 18,000 ft per min of warm, dry, filtered air. Helps to blast the water out of all those hard to reach areas.

A1201

TRI-EDGE

SMOOTH - IT

A107-1 \$12.75

A107-2 WITH GRAY MAT
WITH BLACK MAT

REPLACEMENT MATS \$6.50

A107-3G GREY MAT (FINE)

A107-3B BLACK MAT (MEDIUM)

Effectively and evenly smooth out the edges of film installation tools so they last longer (bondos, speed wings, contours, teflon cards, hard cards, easy reaches, blades, tri-edges, etc. Keeps tools smooth to help prevent scratching your film.

A107-2

A107-1

A106

THE REACH

A106 \$24.95

Made with a special formulated plastic and rubber to achieve the necessary stiffness and durability of all four edges. This tool is 16.75" in length, and built with a double rubber blade on each side. One side of the tool provides an excellent grip, while the other side uses both edges to squeegee water out; one pushes the water and the other drags the water. One side is stiffer than the other.

EQUALIZER

POCKET SIZE ALL-IN-ONE MIRROR TOOL

A2305MT \$14.95

Six devices that work on a wide range of foreign and domestic vehicles. The MT228 features #2 Phillips, T15, & T20 drivers as well as hook and pick devices; perfect for loosening, prying, aligning and unfastening tabs and snaps. Also includes a spring-latch mirror device for removing mirrors on Ford vehicles built after 2004.

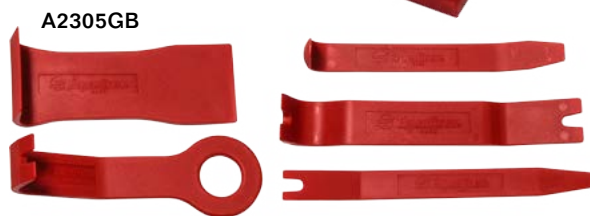

A2305MT

PRYBABY

A2305GB 5 PIECE SET \$24.00

The five-piece set includes specially shaped sticks for prying, smoothing, spreading and removing. Each tool is made of a tough yet flexible polycarbonate material.

- Tool 1: The widest PryBaby is 2.375". One end is a straight chisel and the other end is a 90° curve. This tool is great for removing snap-off mouldings and cowlings.
- Tool 2: Shaped like an installation stick on one end, but the other end can be used to remove door panel clips.
- Tool 3: One end has an 85° angle and the other end has a 30° angle. Can be used to remove door panels.
- Tool 4: Very similar to an installation stick, with a 45° angle on one end and a 90° angle on the other end—useful for prying small items.
- Tool 5: A 110° bend that is good for removing door panels when you cannot get into the front part near the door jamb area. It has a large oval at one end, so you can press the tool against the door jamb without wrapping your hand around it, which is important because of the limited space in that area.

A2305GB

PRYDADDY

A2305PD 12 PIECE SET \$60.00

The twelve-piece set includes eleven specially shaped sticks plus one hammer for all of your prying, smoothing, spreading, removing, tapping and pushing needs. Each tool is made of a tough yet flexible, polycarbonate material. Comes in a handy roll up tool pouch.

A2305PD

METERS AND SALES KITS

Bring your presentations to life with these Sales Kits, and highlight the selling points for your window film services. Illustrate the performance of your products with these extremely effective and convincing sales tools.

EDTM FLIR THERMAL CAMERA

MTR-C2IR

\$910.00

Stunning image clarity for professional film installers. Fits comfortably in any work and street wear pocket

- Brilliant 3" intuitive touch screen with auto orientation
- Wide angle lens is optimized for building applications
- LED (use as a flashlight or photo illumination)
- Streaming video
- FLIR Tools software for Mac or PC
- 2-10 year warranty, covering parts and labor for two years and the detector for ten years (through manufacturer)

EDTM FLIR E4 INFRARED CAMERA

MTR-E4IR

\$1290.00

Analyze existing windows and building walls with this low cost option.

- 4800 (80 x 60) pixel thermal image
- Temperature range: -4° F to 482° F
- 3" color LCD display
- 640x480 pixel digital camera
- MSX® Thermal Image Enhancement
- Replaceable lithium ion battery
- Temperature measurement to quantify the color difference in the image
- Includes FLIR Tools software

SINGLE PANE LOW-E DETECTOR

MTR-AE3600

\$129.00

Simultaneously check both surfaces of single pane glass. Determine if the meter is contacting the low E surface or if the coating is on surface two. No need to conduct a test on both surfaces of glass. The new surface 4 coatings being introduced by multiple glass producers have an insulative layer over the top of the coating. Identify the new surface 4 coatings regardless of the protective layer. Accurately identify a low E coating on surface 2 for glass up to 13mm or .5" thick. Requires 9-volt battery.

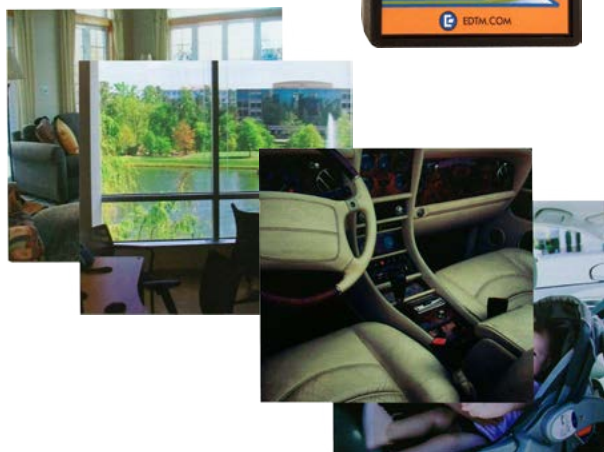

GLASS-CHEK ELITE GLASS & AIR WITH LOW-E + LAMINATED GLASS

MTR-GC3200

\$1600.00

- Identify and measure the thickness of the inner layer of laminated glass. Identify which piece of glass has the Low-E coating. Measure glass, air space and overall IG thickness of triple pane windows, all at the single push of a button.
- Graphical display shows the window drawn approximately to scale, and assigns numbers to each piece of glass and glass surface in the window.
- Multiple Display Formats display: actual values or rounded to ASTM Standards in fractions (in inches), thousandths of an inch, decimal millimeters and more.
- Multi-language options.
- Made in the USA

LIFETILES

MTR-LT1910

ARCHITECTURAL

\$45.00

MTR-LT1915

AUTOMOTIVE

\$45.00

Demonstrate indoors with our new LIFETILES Temperature Targets. Place them in front of your heat lamp in convenient HS2056 acrylic stand. Compare a lesser performing product to your energy efficient product, and show how film can control the temperatures inside home or office building. Instantly shows changes in temperature between examples.

DIGITAL NON-CONTACT THERMOMETER W/ LASER POINTER

MTR-1575

\$88.00

Measure the extreme temperature of furnishings near a window to illustrate the poor performance of windows without film. Easily switches to display in either Celsius or Fahrenheit. Includes a laser pointer.

MTR-SK1230

SOLAR/UV DELUXE METER KIT

MTR-SK1230

\$500.00

Highlight the greatest two selling points for window film: rejecting solar energy and blocking damaging UV rays.

- Soft-shell carrying case
- SP2065 Solar Transmission Meter
- HL1040 Glass and Film Sales Demonstration Lamp
- UV1265 UV Transmission Meter
- UV1390 UV Demonstration Lamp
- GS1331 Glass and IG Sample Set
- L1340 Raytek Non-Contact Thermometer w/Laser
- AE1600 Low E Coating Detector

SPECTRUM DETECTIVE PREMIER SALES KIT

MTR-SK1540

\$816.00

Highlight the three greatest selling points for window film: rejecting the solar energy of the sun, blocking the damaging UV rays and keeping out the harmful infrared rays. Included is an all in one sales kit.

- SD2400 Spectrum Detective
- L1340 Raytec Non-Contact Thermometer w/ laser pointer
- HL1040 Glass and Film Sales Demonstration Lamp
- GS1331 Glass and IG Sample Set
- Soft-Shell Black Canvas Carrying Case

MTR-SK1540

WINDOW ENERGY PROFILER "PREFERRED" SALES KIT

MTR-SK1740

\$1100.00

Help your customers understand the invisible performance of window film and appreciate the benefits. Useful in evaluating the performance of your customers' existing windows and compare with your energy efficient solution.

MTR-SK1740

SOLAR SPECTRUM FIELD SERVICE SALES KIT

MTR-SK1840

\$2900.00

Inspection Tools for job assessment, Analytical Sales Tools that communicate energy performance with tangible data, and Sensory Sales Tools that allows prospective clients to see and feel the energy performance of your products. Below is a breakdown of all the tools included in the SK1840 kit as well as links to each individual product for more detailed information.

MTR-SK1840

SOLAR & UV TRANSMISSION METER

MTR-XM1400

\$305.00

Demonstrate the solar and UV blocking capabilities of a given product. Calculate the solar and UV Transmission percentages associated with a given material, solar and UV characteristics of glass, film, coatings, laminates or other materials.

MTR-XM1400

COMMERCIAL TIN SIDE DETECTOR

MTR-TS1320

\$214.00

When placed on the tin side of glass, the fluorescing lamp image glows visibly. When placed on the non-tin side, the lamp image appears normal. Test clear float glass or glass that has other specialty coatings applied to it in most applications.

- Tested on laminated glass, screen printing, tempered glass, and specialty coating applications.
- The lamp is more durable and energy efficient with more definitive test results.
- Custom designed UV source that is more rugged and efficient than previous models.
- Powered by 3-AA batteries and runs 50% longer than competing models.
- Patent-pending stencil insert makes it much easier to get definitive test results in well-lit environments.
- More durable - successfully drop tested from 5 feet.
- Protective rubber boot included.
- Momentary power switch helps conserve energy.
- Made in the USA

MTR-TS1320

WINDOW ENERGY PROFILER

MTR-WP4500

\$799.00

Demonstrate the effectiveness of energy efficient window films and how it benefits your customer.

MTR-WP4500

TINT CHECK PRO 3800

MTR-TC3800

\$282.00

Measure Visible Light Transmittance (VLT) of automotive glass as well as any glass/film up to 1/4" or 6.5mm thick.

MTR-TC3800

FREEZE SPRAY

MTR-FS2060

\$15.00

Freeze Spray lowers component temperatures to -65°F (-54°C). Use the spray to demonstrate the effectiveness of your energy insulating products by showing how thermal conductance is minimized. Prove to customers how well your product performs against competitors. Also great for testing windows for seal failure.

MTR-FS2060

CARRY CASE FOR SK METERS

MTR-CC1731

\$146.00

For MTR-SK1930, MTR-SK1940, and MTR-SK1740 meters.

MTR-CC1731

211200

CAR CARE

SONAX CLASS CARNAUBA WAX KIT

211200

\$69.99

No other carnauba provides more shine, lasting protection and hides fine imperfection like Sonax Premium Class Carnauba wax. Use as a final presentation coat and watch jaws drop. Particularly effective on older metallic finishes and black paint work.

SONAX WHEEL CLEANER PLUS

230241755

For all steel, alloy, chrome, and polished wheels. Removes stubborn dirt and brake dust. Non-corrosive.

SONAX FALLOUT CLEANER

513200755

Removes iron and rust contaminants, along with industrial dust from paintwork and painted plastics.

SONAX PROFILINE LEATHER CARE

282300

\$49.99

Restore old, tired leather, and maintain high grade napa leather, new leather surfaces, and the fine grain leather in newer exotics. It moisturizes and offers a UV protectant. Treated surfaces are hydrophobic. The finest leather care on the market!

SONAX LEATHER FOAM

289300

\$14.99

Clean, condition, restore, and protect the most lifeless and aging leather interiors with this amazing one-step product.

SONAX WHEEL RIM SHIELD

436300

\$19.99

For invisible rim protection and brilliant shine. Reduces future grim and brake dust for quicker and easier wheel cleaning. Protects up to 12 rims.

230241755

513200755

282300

289300

436300

PLASTIC RESTORER GEL

210141

\$17.99

Revitalizes faded exterior plastic and rubber components to a rich, deep shine. Restores original colors. Long lasting protection.

SONAX CERAMIC COAT

236941

\$79.99

One of the most advanced and reasonably priced ceramic coatings on the market. Easy to install.

44TOOLS RAIN CLEAR

A044

\$10.00

A nano-protective treatment that seals the surface of glass to actively repel water, soil and stains for improved visibility, safety and easier maintenance.

ROUGAROO MONSTER MYST

ROUG008

\$12.99

The finest quick detail spray on the market!. Affordable, ecologically friendly, and leaves any car looking freshly detailed.

210141

FEATURED BESTSELLERS

OLFA STAINLESS BLADE

B129S **PACK OF 50** **\$20.00**

High quality stainless steel blade for use in moist environments where rust is a concern. Unparalleled sharpness and superior edge retention. 9mm blade fits OLFA Standard-Duty knives. 13 cutting edges per blade.

TRIUMPH SCRAPER BLADE

B145S **PACK OF 25** **\$21.65**

6" Stainless steel Triumph Scraper replacement blades.

NT PRO A-1P RED DOT KNIFE

A1899 **\$7.25**

The choice of professionals everywhere for left or right handed use. Equipped with Auto-Locking blade slide and multiple clicks to get the proper blade length. Includes stainless steel blades.

NT CUTTER

A1898-2 **\$7.25**

Updated version! A sharper angle, 30-degree 9mm snap off blade knife has a professional quality ABS grip with smooth rounded edge to protect cutting surfaces from scratching.

TINT SLIME

M1134 **ONE GALLON** **\$43.00**

The ultimate slip solution for window film installations. Eco-friendly, biodegradable, and of course, Tint Safe. Made in the USA.

GEM SINGLE EDGE RAZOR BLADE

B122SG **PACK OF 100** **\$13.50**

Stainless steel single edge replacement razor blades.

AUTOMOTIVE BULL DOZER

A207 **\$17.65**

Reach into the tightest rear deck area with ease! Includes a rubber squeegee tip.

ENFORCER II TINT METER

MTR-LL2000 **\$132.65**

Now one third the size, one fifth the weight, and with auto-calibration. Uses a CR2032, 3V coin cell battery (included), good for 1000 uses. The interior switch has been redesigned with protective foam. Accurate within plus or minus 2%. Not affected by humidity, and reliable from 0° to 100° F, day or night.

CLOSEOUTS

WHALE TAIL COMPLETE WITH HANDLE

A2406 **\$16.00**

Malleable polyurethane squeegee for a truly custom tool. With a heat gun you can easily shape the squeegee material to create the perfect tool for your needs.

NT CUTTER

A1898 **\$5.50**

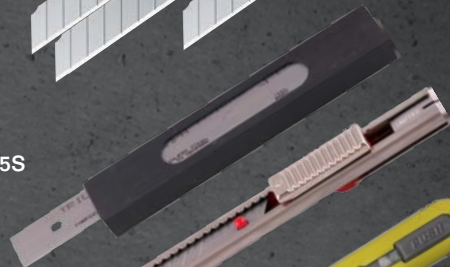

An affordable cartridge model holds five blades for faster changes.
